

CREATELED®

FHD/UHD

Mini/MicroLED Conference Display

Flexible Size Options

easy maintenance

Ultra-low energy
consumption

Convenient operation

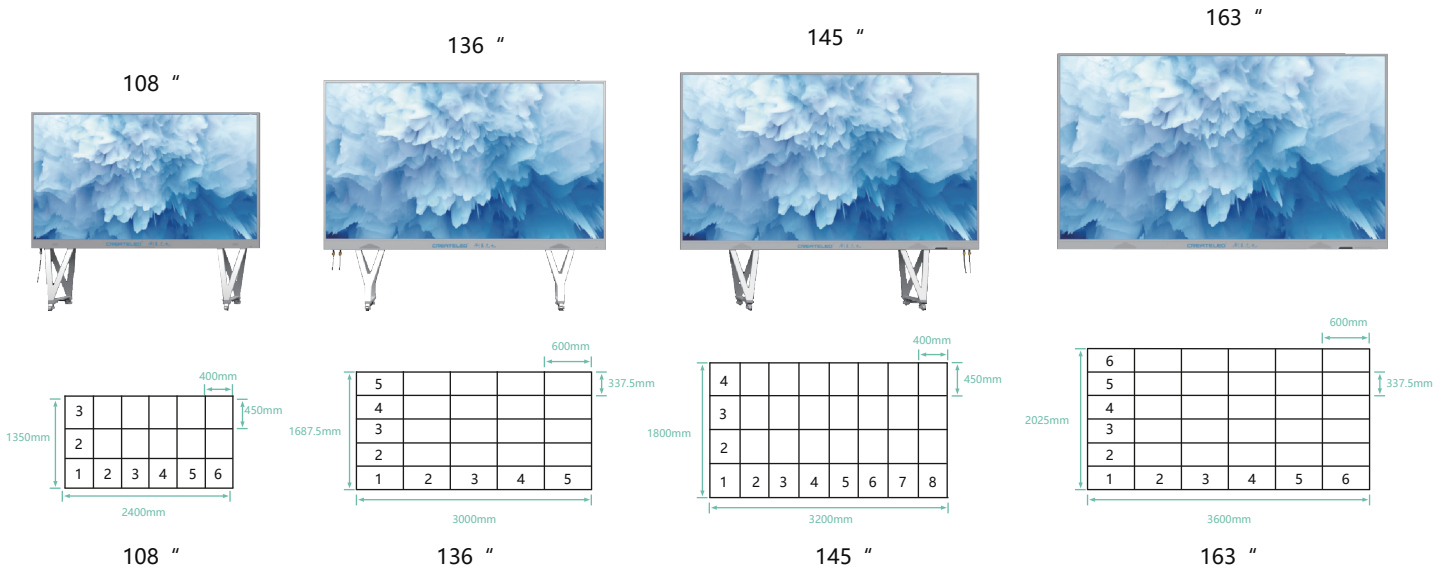

EMC certification

Wide view angle

- Supports a display with a maximum resolution of 3840x2160@60Hz
- Supports 4 HDMI 2.0 inputs (1 for OPS host connection)
- Supports built-in and external 3.5mm audio interface
- Support local and online high-definition video playback, support 4K ultra-high-definition video decoding of mainstream encoding formats such as HEVC/H.265/H.264
- Dual wireless network card design, can access WiFi and open wireless hotspot at the same time
- Support bluetooth 4.0, compatible with common peripherals such as bluetooth mouse, bluetooth keyboard, bluetooth audio and so on
- Support bluetooth remote control, omnidirectional remote control operation without dead angle
- Compatible with mainstream conference peripherals, including cameras, speakers, laser pointers, etc.
